Profiles	 Kunalkharga		 kunalkharga
Summary	I am a Bachelor of Computer Applications (BCA) student with a strong interest in frontend web development. I have good skills in HTML, CSS, JavaScript, PHP, React and I'm currently learning React. I have completed 2 websites that are mobile-friendly and easy to use. I enjoy making clean and modern websites and want to learn more by working with a real team.		
Experience	Inventory Management System	Academic Project	
	Simple Inventory Management System to track and manage products. <ul style="list-style-type: none">Technologies: HTML, CSS, JavaScript, PHP, SQL.
